

As golf continues to grow and evolve, so do golf courses. Precision Pro Golf and iGolf have teamed up to make sure your device evolves right along with it. Find a course that hasn't been mapped? Find a course that's recently been updated? Find a course that just doesn't seem to match up with what your GPS Golf Band tells you?

Please fill out this form and email it to support@linc.com along with a picture of the current course scorecard. iGolf can complete the mapping/re-mapping in 7-14 days. Once updated, log on to iGolf.com (You earn a free membership with your GPS Golf Band purchase), find your course, and click "Download GPS Course File". It's that easy!

Course Name

City, State, Country

New Course/
Course Unmapped

Course Recently
Updated

GPS Distances
Incorrect
